LOCATION

Our Nursery is situated in the heart of the Adams County Fruit Belt, 10 miles north of Gettysburg, midway between Cashtown and Arendtsville, on hard surface road 1001.

No business transacted on Sunday.

NOTICE TO PURCHASERS

We use the greatest care to have our stock reliable and true to name, and will, on proper proof, replace anything that may not prove to name. We do not give any warranty. It is mutually agreed between the purchaser and ourselves that we shall not be held responsible, from any cause, for more than the original cost of the trees.

We have had 40 years' experience in growing fruit and have 100 acres in Fruit and Nursery Stock. Practically all our nursery stock is budded and grafted from our own bearing trees.

VISITORS ALWAYS WELCOME

TERMS

For all new customers—cash with order or satisfactory references.

For those who have bought from us before payment can be made upon delivery of trees.

SHIPPING OF NURSERY STOCK

The spring shipment begins about April 1, depending on the season. Fall shipments about November 15. Purchasers are requested to state whether they wish stock sent by freight or express.

REFERENCES

References as to our reliability: Gettysburg National Bank, Gettysburg, Pa., National Bank of Arendtsville, Arendtsville, Pa.

All nursery stock has been officially inspected by a State Inspector and a certificate of inspection is attached to each shipment.

BOYER'S

NURSERY AND ORCHARDS

DONALD C. BOYER

Dear

Due to the unprecedented demand for fruit trees of all kinds and to the adverse growing conditions of the past season we have very few peach and apple trees left to offer you for the Spring of 1944.

We are sending you the enclosed list to remind you that we are still in business and although we cannot fill large orders this season we shall hope to serve you in the future.

We still have on hand several thousand peach trees in the following varieties:

J. H. Hale	Golden Jubilee
Fulton	Belle of Georgia
Late Elberta	Cumberland
Champion	Salway
Iron Mountain	

If you are in need of any of the smaller fruits, Montmorency cherry, sweet cherry, apricot, pear, plum, quince or grape, we shall be glad to fill your order.

We would especially call to your attention some very fine three old apple trees which we are selling at 45¢ each. A great many of our growers have been using these larger trees for replanting. We have these in the following varieties:

Stayman Winesap	Red York Imperial
Grimes Golden	Smoke House
Paradise	Jonathan
Double Red Delicious	Red Rome
York Imperial	

We regret that we are unable to offer you a full line of stock this Spring. However if growing conditions are favorable we shall have our usual supply for next Fall and for the Spring of 1945, and shall be glad to serve you then. We shall have some of the newer peach varieties which have been introduced by the New Jersey Experimental Station ready for planting next Fall.

Very truly yours,

BOYER'S

NURSERY AND ORCHARDS

DONALD C. BOYER

Dear

Due to the unprecedented demand for fruit trees of all kinds and to the adverse growing conditions of the past season we are not able to have and apple trees left to offer you for the Spring of 1945.

We are sending you the enclosed list to remind you that we are still in business and although we cannot fill large orders this season we shall hope to serve you in the future.

We still have on hand several thousand peach trees in the following varieties:

Golden Jubilee
Hale of Georgia
Crimson
Galaxy

J. H. Hale
Pulston
Late Elberta
Champion
Iron Mountain

If you are in need of any of the smaller varieties, Washington cherry, sweet cherry, apricot, pear, plum, quince or nectarine, we shall be glad to fill your order.

We would especially call to your attention some very fine trees and apple trees which we are selling at 45¢ each. A great many of our growers have been raising these larger trees for replanting. We have these in the following varieties:

Red York Imperial
Smoke House
Jonathan
Red Horse

Stevenson Winesap
Grimes Golden
Paradise
Dorrie Red Delicious
York Imperial

We regret that we are unable to offer you more of these trees this Spring. However, if growing conditions are favorable we shall have our usual supply for next Fall and for the Spring of 1946, and shall be glad to serve you then. We shall have some of the newer peach varieties which have been introduced by the New Jersey Experimental Station ready for planting next Fall.

Very truly yours,
